PROFESSIONAL SUMMARY

Frontend-focused BCA graduate with hands-on experience in HTML5, CSS3, JavaScript, and Bootstrap, and current experience building UI components with React.js. Skilled in building responsive, user-friendly web interfaces, integrating APIs, and writing clean, maintainable JavaScript. Fast learner with a track record of independently completing real-world projects; seeking a Frontend Developer role to grow into a full MERN Stack Developer.

TECHNICAL SKILLS

HTML5 • CSS3 • JavaScript (ES6+) • Bootstrap • React.js

Responsive Web Design • DOM Manipulation • API Integration • Git & GitHub • Problem Solving

PROJECTS

[College Event Registration Portal](#) | *HTML, CSS, JavaScript*

- Built a responsive web portal for browsing, registering, and managing college events, improving how organizers track sign-ups and event details.
- Developed event creation and management features allowing organizers to add, edit, and monitor event listings and registrations in real time.
- Implemented form validation and dynamic DOM updates using JavaScript to reduce input errors and improve user experience.

[Personal Portfolio](#) | *React.js*

- Designed and developed a fully responsive personal portfolio website in React.js to showcase skills, projects, and professional profile.
- Built reusable, component-based UI architecture to present project details, skills, and work samples in an organized layout.
- Structured project data and content within the app to keep information easy to update and maintain.

EDUCATION

Bachelor of Computer Applications (BCA) — Career Point University, Hamirpur, Himachal Pradesh | 2023 – 2026

Senior Secondary (12th Class) — HPBOSE Govt. Sen. Sec. School, Talai | 2020

STRENGTHS

- Strong foundation in modern frontend technologies, backed by real project work.
- Proven ability to build responsive, user-friendly web interfaces from scratch.
- Fast learner — mastering React and advanced JavaScript concepts independently.
- Strong attention to detail in UI/UX design and code quality.
